WHERE are you located? Harrison Square, 10548 Harrison Ave., Suite 300, Harrison, Ohio 45030

WHY are you located in Colerain? Is there a Colerain connection?

My home is in Colerain Township, I live next door to Pleasant Run Middle School and I'm a Northwest Knight!

Tell us a little about YOUR Colerain background? I've been a proud resident here for over 55 years, attending Bevis and Taylor elementary schools, then making my way through Pleasant Run Middle School before proudly graduating from Northwest High School.

And speaking of Northwest High, did you know my great grandfather, fondly known as "Pappy Stout", owned the land where the school now stands? Yep, his legacy lives on in Stout Road, named after him, and his original homestead still stands today, nestled right next to the school grounds. It's quite the family history!

I grew up just a stone's throw away from Northwest High on Pippin Road, where my dad, the master craftsman behind "Day Brick Work," built our family home. Now, that very home is part of the Northwest Local School District Board of Education's property, along with my grandma's land—though sadly, her iconic greenhouse I loved is no more.

Colerain Township isn't just where I live; it's woven into the fabric of my identity, and I couldn't imagine calling anywhere else home!
